The following went well	The sessions, the ambience, refreshment/lunch, good delivery by the Facilitator					
	Topics discussed					
	Open Communication					
	The venue, content, facilitator, resource persons					
	The food and entertainment					
	Tea break, lunch and presentations					
	Content discussion went well					
	All the items were relevant					
I recommended the following for improvement	Moderation went well					
	Presentation and group discussions					
	We should have more of this retreat at leaset one in a year					
	Publicity and extra time					
	If Possible, retreat should be held annually					
	Soft and hard copies of the presentations should be made available to all participants					
	More publicity ans extra time					
	This should be held annually					
	At least 2 days should be allotted for this program and it should be made residential. Also, more time should be allotted for high priority matters					
	More time should be allotted for each topic					
	The retreat should be made a yearly affair					
	More time should be allocated to topics during presentations					
	Early commencement is recommended					
	A venue free from other people interruption is recommended					
	Issues were not properly discussed and treated					
	The presentations by the resources persons should be improved upon and make richer. Some were very scanty					
Retreat should be made an annual event						
Time wasn't sufficient for members to speak						
This should be done more frequently						
More time should be allocated for questioning						
Time for interaction should be increased. Retreat should be residential						
Start on time						
Annual retreat						
Allow more time for Q & A						
More time needed for the program
